No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed, and is derived by analysis of the total score distribution.

outer surface protein C precursor - Borrelia afzelii (strain PLj7)
C:Species: Borrelia afzelii
A:Variety: strain PLj7
C:Date: 06-Dec-1996 #sequence_revision 14-Feb-1997 #text_change 26-May-2000
C:Accession: S69922; S72675
R:Jauris-Heipke, S:; Liegl, G.; Preac-Mursic, V.; Roessler, D.; Schwab, E.; S
J. Clin. Microbiol. 33, 1860-1866, 1995
A:Title: Molecular analysis of genes encoding outer surface protein C (OspC)
A:Reference number: I40047; MUID:95395018
A:Accession: S69922
A; Molecule type: DNA
A; Residues: 1-212 <JAU>
                                      A; Status: nucleic acid sequence not shown
                                                                                                                                                                                                                                                                                                                       S69922
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           C; Superfamily: Lyme disease spirochete surface
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       outer surface protein C - Lyme disease spirochete
